Year 2 - Summer 1 & 2

I can count in 3s to 36.
I know the multiplication facts for the 3 times table.

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **instantly**.

Count in 3s	Multiplication Facts	Key vocabulary
0		What is 3 **times** 3?
3	0 x 3 = 0	
6	1 x 3 = 3	What is 8 **multiplied by** 3?
9	2 x 3 = 6	
12	3 x 3 = 9	
15	4 x 3 = 12	
18	5 x 3 = 15	
21	6 x 3 = 18	
24	7 x 3 = 21	
27	8 x 3 = 24	
30	9 x 3 = 27	
33	10 x 3 = 30	
36		

They should be able to answer these questions in any order, including missing number questions,

e.g. $10 \times \bigcirc = 30$ or $\bigcirc \times 3 = 12$.

Top Tips

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You don't need to practise them all at once: perhaps you could have a fact ofthe day.

Times Table Rockstars – Children all have their username and password to practice in the "Garage" and the "Arena". They could try playing in the "Studio" but remember these will be any questions up to 12x12.

Songs and Chants – You can buy Times Tables CDs or find multiplication songs and chants online. If your child creates their own song, this can make the times tables even more memorable.
